

TWIN CLASSROOM

Additional space to a Primary School

— Ref: ED32

Functional space created for a growing school who needed to accommodate their early years intake.

Client BRIEF

The Stable Company designed and installed this twin class room to accommodation Early Years in an expanding school. By redeveloping this unused space on the site, the school were able to provide an additional intake of children.

The building is approximately 168m² (20.3m x 8.3m). Access is gained through a central lobby area with a classroom to each side. A central toilet area is contained within the lobby. Both classroom have bi-fold doors to allow the space to be opened up to the play area if required.

A photograph of the interior of a stable. The walls are made of light-colored wood panels. There are two windows on the left wall, each with a wooden frame. A yellow high-visibility vest is hanging on the wall to the right. The floor is covered with straw bedding. A small white bucket with a red stripe is on the floor in the background.
